

VIRTUAL OPEN HOUSE

March 29, 2022 | 4:30-6:30 PM

The Alaska Department of Transportation and Public Facilities (DOT&PF) invites you to a Virtual Public Open House for the Parks Highway Alternative Corridor Planning and Environmental Linkages (PEL) Study.

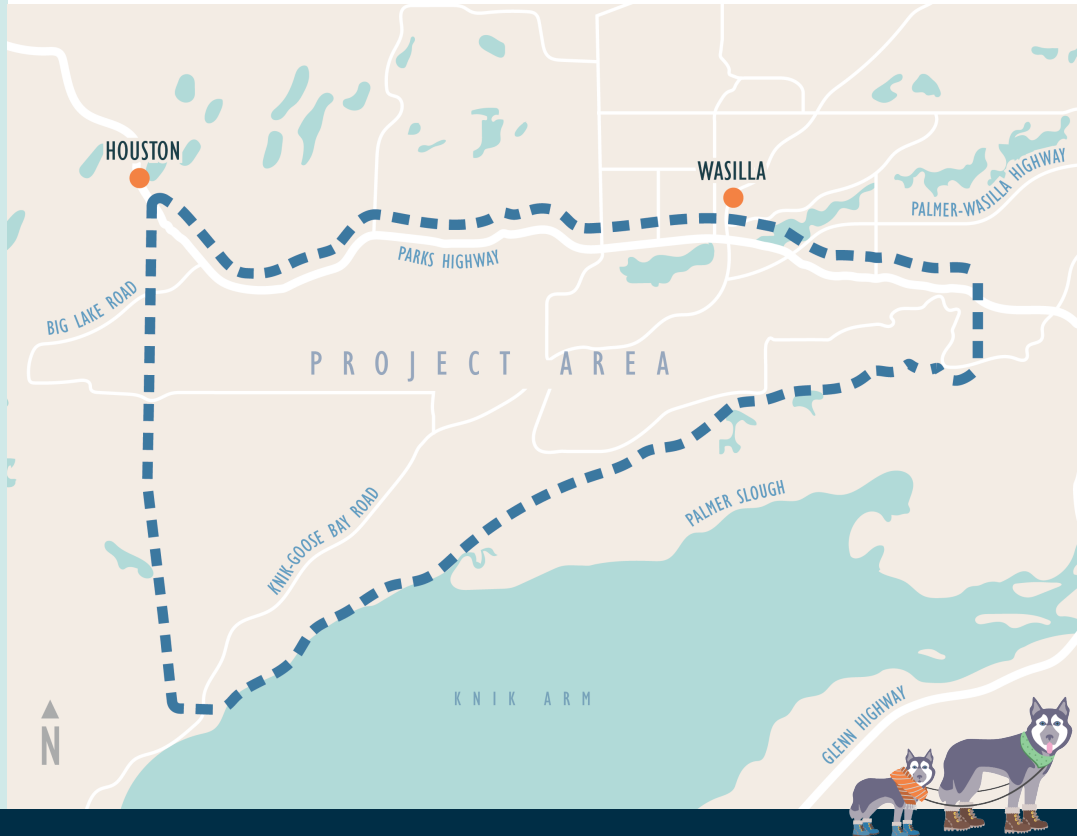

Due to sustained population growth in the Matanuska-Susitna (Mat-Su) Valley and particularly in Wasilla, congestion along the city's main corridor, the Parks Highway, creates significant traffic delays during peak periods. As a result, the DOT&PF has identified the need for a future alternative highway corridor in the Wasilla area of the Mat-Su Valley, building on prior planning studies.

Join us to learn more about the PEL Study process, provide feedback on the existing conditions in the area that will need to be considered as we identify potential alternative corridor locations, and give us your thoughts on the draft project purpose and need. This is the first of four open house meetings planned during the PEL Study.
